South Naknek, AK 99670

Re: Southwest Alaska Transportation Plan

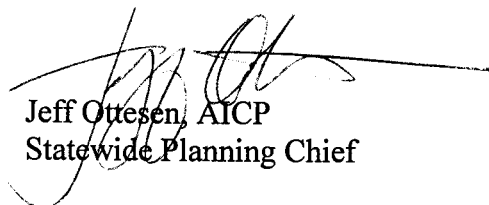

Dear Mr. Nielsen:

Thank you for your letter of February 29, with which you forwarded Qinuyang Resolution 2000-06 in support of a bridge connecting the Village of South Naknek to Naknek and King Salmon. Your decision to hold a community meeting and your timely response to our letter of February 9 is much appreciated. The resolution enables our planning team to continue developing the Southwest Alaska Transportation Plan with this connection considered as one with strong community support, which is extremely important as we begin to evaluate potential plan components.

We have added your letter and the resolution to the Correspondence Reading Room on the Southwest Plan website
(http://www.dot.state.ak.us/external/state_wide/planning/pb/swatplan.html).

Please feel free to call me 1-888-PLANDOT at any time concerning the Southwest Alaska Transportation Plan.

Sincerely,

Jeff Ottesen, AICP
Statewide Planning Chief
